

PREMIUM PAINT

Australian Made & Australian Owned

Gunwash Thinner

Production Description

Solvent blend used to clean spray lines, guns and other equipment. Universal products suitable for clean-up for single pack and two pack products. Also can be used as thinner where specified by other products.

Areas of Application

Gunwash is not formulated to be used as a paint thinner. It is recommended primarily for use as a spray gun cleaner. However when necessary can be used as thinner for most of the lacquers.

Technical Data

Appearance	Low viscosity, clear to slight yellow liquid
Specific Gravity	0.85-0.86
Boiling Range	85-110 °C
Thinning Recommendations	Refer individual product data sheet for specific recommendations.
Packs available	4 litre, 20 litre & 60 litre

Flammability & Transport

- Highly flammable, Dangerous Goods Class 3.2.
- Keep away from heat and flame, eliminate any source of ignition.
- Soak all used cloths and rags immediately in water to prevent self-ignition.
- Ensure container is upright with lid secure.
- Ensure the container is secured in the vehicle for transport.

Safety & Precautions

Refer to SDS for detail instructions.

The technical information and suggestions for use and application are given in good faith. Since conditions of use are beyond the manufacturer's control, information contained herein is without warranty, implied or otherwise. The manufacturer does not assume any liability for any loss or injury resulting from the use of the product. Cooler temperature, higher film thickness and higher humidity conditions will require longer drying times
